

RLS PATIENT ODYSSEY SURVEY II

Help advance RLS research, treatments and awareness!

SURVEY GOALS

Understand the experience of RLS patients & partners

- Gather data on the long-term burden of disease
- Promote awareness on this serious neurological disorder
- Provide resources to facilitate discussion & improve treatments & symptom management

WHY PARTICIPATE

Be part of RLS history – and the future

- Shape future RLS research
- Improve medical treatment & symptom management
- Advocate for health policy that supports RLS patients
- Improve resources for individuals and families

HOW TO PARTICIPATE

Access the survey on RLS Awareness Day

- Access the survey online starting on Wednesday, Sept. 23
- The last day to participate is Friday, Oct. 23
- Mail-in surveys available for those without internet access
- Surveys are anonymous; no individual identifying information is requested

LIVING WITH RLS

Your input is critical to helping researchers, healthcare providers, policymakers, and the RLS Foundation understand the impact of RLS on daily life and where to focus their efforts.
